

# Figures of Speech

a fine art exhibit  
by Sue Clancy

CLANCY

"Figures of Speech" is a fine art exhibit by Sue Clancy, a series of mixed media paintings that play with words. About her exhibit Clancy writes "I like to read books and possibly because I was a deaf child I have a fascination with language and figures of speech. So, I enjoy creating animal characters and visually playing with words, phrases and meanings while keeping an eye towards love and laughter because we need hope, humor and kindness. I work by hand using ink, gouache, color pencil and acrylic."

Each of these paintings began life in Clancy's sketchbook which she shares via her Substack newsletter A.M. Sketching. [sueclancy.substack.com](http://sueclancy.substack.com)

The exhibit "Figures Of Speech" is exhibited at Burnt Bridge Cellars, an award winning winery, in Vancouver WA and at Caplan Art Designs in Portland OR.
